### Prospects For a West Railroad Seem Bright

Mr. D. C. Coleman, Vice-Pres. of the C.P.R. has passed an order authorizing a survey through the territory west of the C. & E. line not far south of Didsbury.

The Chief Engineer, Mr. McNabb, has also stated that he has given instructions for the surveying party to be in the field by the end of the present month.

Mr. Coleman further stated that the survey report would be completed and reviewed by Sept. 1st, and that he would advise the results of his review of the report and

what further action the C. P. R. would take.

### Mocking Bird Makes Its Home In Didsbury

A few days ago the following despatch appeared in one of the dailies:

"Saskatchewan has entered the limited list of provinces in Canada to which a mocking bird has paid a visit. The bird with the grand opera throat was recently seen and captured at Eastend, Sask., and is now about ready to be an interesting but silent specimen in the provincial museum."

"As far as possible every time a mocking bird has been seen in Canada the visit has been more or less officially recorded. The first visit was to Strathroy, Ont., July 1, 1899. Visits were later recorded to Hamilton and Chatham, Ont. Next one of the world famous singers was seen in Truro, N.S., and the last recorded visit in 1894 was to Sable Island, off the coast of Nova Scotia."

Now Didsbury is favored by a visit. In the garden of Mr. A. McNaughton, west of town, a pair of mocking birds have built a nest, and may be seen any time during the day unconcernedly pursuing their domestic avocations. Mr. McNaughton states their nest is in a pine tree a short distance from the house, and as the birds appear quite tame they can be approached to within a few feet without any commotion. The robin, he states, is copied exactly and the notes of other birds, too, may be distinguished from time to time.

So far as one can learn this is the first time the mocking bird has been seen so far north, and Didsbury consequently may consider itself to be especially favored.

Mr. McNaughton has gone to the trouble of obtaining accurate information and has no doubt that he has in his garden the genuine article.

The following descriptive report of our welcome visitor is taken from a recently published edition: General colors, gray and white; bases of primaries and outer tail feathers with white. This is the great vocalist of the south, and by many is considered to be the most versatile singer in America. It is found in gardens, pastures and open woods. All its habits are similar to our catbirds, and like that species it is given to imitating the notes of other birds.

Song: An indescribable melody, sometimes very sweet and pleasing, at others harsh and unmusical.

Nest: Usually built in impenetrable thickets or hedges, or again in more open situation in the garden; made of twigs and rootlets, lined with black rootlets; the four or five eggs are bluish green with blotches of reddish brown.

### Death Occurs Of Clarence A. Hagg

The death occurred Monday evening in the Calgary General Hospital of Clarence Henry Hagg, well-known stockman of Calgary and district. He had been ill for some time.

Born in Ireland, the late Mr. Hagg came Alberta in 1906, first settling in the Didsbury district and farming there until 1912, when he came to Calgary. He and his brother, O. W. Hagg, established a contractors' business, which, however, he left in 1915 to enter the livestock and ranching business.

He is survived by his daughter, Maxine, Calgary, and three brothers, O. W., Calgary; George, Carstairs; and B. D., Seattle; and a sister, Mrs. A. E. Friday, Murray, Ireland.

The funeral was held yesterday (Wednesday) at Foster & Foster's funeral chapel, the Rev. Geo. A. Dickson officiating there and at the burial which took place at the Burnside cemetery. — Calgary Herald

"Old Ironsides" at the Opera House, Didsbury, Wed., June 27th.

## "Safety First" on the Highways

The phenomenal growth in the number of motor driven vehicles on the highways of this continent constitutes one of the most amazing developments of modern times. The motor car has, in fact, completely revolutionized modes of living in the space of a very few years, and, equally so, has ushered in an entirely new era in the history of transportation.

It is not necessary to even enumerate the many changes which the general use of the motor car has brought about. These changes are patent to everyone. The result has been, of course, to likewise create entirely new problems which did not confront, and were never dreamed of, by the people of a couple of generations ago.

The motor car has forced governments and municipalities to completely re-organize plans and the work of road building because what was regarded as an excellent road for horse drawn buggies and wagons is quite obsolete in these days of motor traffic. The result has been to compel huge expenditures upon all governmental authorities, not only in the construction of a much higher standard of road, but in annual maintenance charges in order that such roads shall be kept up to that high standard, and shall be available for use at all times in all weathers.

In large cities, the multiplicity of cars has created congestion and traffic problems of the most difficult kind, and the number, power and speed of modern cars not only an hourly danger to each other and their occupants but to all pedestrians. Laws governing rates of speed, laws prohibitive of glaring headlights for night driving, and innumerable rules of the road in an effort to regulate this enormous and ever increasing traffic, have been passed. Many of these enactments were experimental and found ineffective. Amendments to laws have followed amendments in rapid succession, yet the toll of accidents and violent death mounts steadily higher and higher.

The fact might as well be faced,—it must be faced,—that only through the practice of the principle of "Safety First" by the people themselves,—all the people,—can the civilization of today really control this modern juggernaut which the inventive genius of this generation has brought into being and to such a high state of power and efficiency.

Legislative enactments, and arrests and fines for violation of those laws, will not, and can not meet the existing problems. Public sentiment and the public conscience must be aroused against those who habitually and wilfully disregard the laws and regulations passed in the interests of all people. The speed maniac, the man who persists in flashing blinding headlights in the eyes of all other car drivers, the crank who considers it an insult and a reflection upon himself and his car to allow any other car to pass him on the road, the crazy fool who not only disregards all safety precautions for himself but who is callously indifferent to the fate of others, and the common "roadhog" who ignores everybody's rights and selfishly arrogates whatever he desires to himself,—all these enemies to the welfare, enjoyment, rights, and even lives of others, must become taboo throughout the land and be ostracized by his fellow citizens in the community.

Every driver of a car should keep constantly in mind that it is a powerful machine he has in his control, and that the safe way is the sane way. Common sense will prevent accidents. Apply it. There is not only the law but an etiquette of the road. Observe it. Protect person and property—your own and the other fellow's.

Two controllable factors enter into accident prevention on the streets and highways—your car; yourself. Always observe, among others, the following simple rules for safety:

1. Keep your car right; see that the brakes, steering gear and headlights are in perfect working order.
2. Keep your eye on the road and your hands on the wheel.
3. In passing traffic, look ahead.
4. If a "road-hog" tries to pass you—let him.
5. Entering main streets and highways—stop and listen.
6. Don't rush through nor "loaf" in heavy traffic.
7. Signal before you slow down, stop, or change your course.
8. Look before you back up.
9. Obey the "Stop" signal.
10. Watch your "Step"—Don't "step" on the gas, the train will win.

Pretty Cashier: "I think I need a holiday for the sake of my health. My beauty is beginning to fade."

Manager: "What has put that idea into your head?"

Pretty Cashier: "The men are beginning to count their change."

"Hi, there," bellowed a policeman to an inebriated citizen, "you can't stand there in the street."

"Yes, I can ortsher" retorted the citizen proudly. "Don't you worry 'bout me, I been standin' here an hour an' ain' fell off yet."

## Indigestion

What most people call indigestion is usually excess acid in the stomach. The food has soured. The instant remedy is an alkali which neutralizes acids. But don't use crude helps. Use what your doctor would advise. The best help is Phillips' Milk of Magnesia. For the 50 years since its invention it has remained standard with physicians. You will find nothing else so quick in its effect, so harmless, so efficient.

One tasteless spoonful in water neutralizes many times its volume in acid. The results are immediate, with no bad after-effects. Once you learn this fact, you will never deal with excess acid in the crude ways. Go learn—now—why this method is supreme.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. Each bottle contains full directions—any drugstore.

## SEA STRAIGHTENS ROMANTIC TANGLES

When May Christie, whose novels and articles are read all over the North American Continent, reaches an impasse with characters in her novels, she "sends them on an Atlantic voyage," to use her own words because their tangles are unravelled on the ocean. Miss Christie, now married to J. S. Mazzavini, New York broker, is shown here on the White Star liner Megantic, leaving for England after spending ten months on the North American Continent, in which time she wrote two 76,000 word novels and forty-five articles.

## Improving Our Highways

The total amount spent on the improvement and maintenance of Canadian roads during 1926 was approximately \$45,500,000.

## NEW STRENGTH FOR WEAK STOMACHS

### Indigestion Disappears When the Blood Is Enriched

The most urgent need of all who suffer from any form of indigestion is a tonic to enrich the blood. Pain and distress after eating is the way the stomach shows that it is too weak to perform the work of digesting the food it takes. New strength is given to weak stomachs by Dr. Williams' Pink Pills because they purify and enrich the blood. This accounts for the speedy relief in stomach disorders that follows the use of this medicine. The value of this medicine in cases of indigestion is shown by the case of Mrs. George W. Johnson, Lequille, N.S., who says:—"I have no hesitation in recommending Dr. Williams' Pink Pills. I was greatly distressed with indigestion. Always after eating I suffered from pains in the stomach and other distressing symptoms. I tried different remedies, but without getting relief. I was advised by a friend to try Dr. Williams' Pink Pills, which I readily did, and I am feeling very grateful ever since to the person who gave me the advice. The very first box helped me and before I had taken a half dozen boxes I was restored to my former good health and all traces of this distressing trouble disappeared. It is now about a year since I took the pills, and I have not been troubled with indigestion since. I have taken every occasion to recommend Dr. Williams' Pink Pills to those in need of a medicine and shall continue to do so."

A little booklet, "What To Eat and How To Eat," will be sent free to anyone asking for it. You can get the pills from any medicine dealer or by mail at 50c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

## Ship Muskrat To Europe

What is believed to be a record for muskrat shipments from Canada has left on board the Canadian Pacific vessel "Beaverdale," bound for Antwerp. It consists of 149 muskrats, the foundation stock for muskrat ranches in Germany, Finland and France. The consignment was made up of 74 pairs and operated at a muskrat farm at Lindsay, Ontario.

For Burns and Scalds.—Dr. Thomas' Electric Oil will take the fire out of a burn or scald. It should be at hand in every kitchen so that it may be available at any time. There is no preparation required. Just apply the oil to the burn or scald and the pain will abate and in a short time cease altogether.

A going clock is one that has been wound up, a going concern is one that hasn't been.

The gross area of the United States is 3,026,789 miles.

For Hay Fever—use Minard's.

W. N. U. 1738

## Recipes For This Week

(By Betty Barclay)

### ECONOMICAL PUDDING

- 1 quart water.
  - 1 teaspoon salt.
  - 1 cup pearl tapioca.
  - 1 teaspoon vanilla.
  - 4 tablespoons butter.
  - 1 1/4 cups brown sugar.
- Cook tapioca in water until transparent. Add other ingredients. Bake one-half hour.

### LEMON DROP COOKIES

- 1-3 cup butter.
  - 1/2 cup sugar.
  - 1 egg.
  - 1/4 teaspoon soda.
  - 2 tablespoons hot water.
  - 1/2 tablespoon lemon juice.
  - Grated rind 1 lemon.
  - 3/4 cup flour.
- Cream butter; add sugar, gradually, and egg, beaten until thick and light, soda, dissolved in hot water, lemon juice, grated lemon rind, and flour. Mix well, drop from tip of teaspoon onto buttered baking sheet, and bake in a quick oven.

To make crisp cookies, use one and one-half cups flour when mixing; chill thoroughly, roll very thin, sprinkle lightly with sugar, cut out, and bake.

Much of the experience a man gets comes too late to benefit him.

## Continues Best Seller

Over Ten Million Copies Of Bible  
Sold Last Year

The Bible continued to be the world's best selling book in 1927, establishing a new record of 10,031,797 copies, says the annual report of the American Bible Society.

Copies were published last year in 166 different languages and dialects, and the first complete Bible in the Luba Lulua language of the 2,500,000 Bantu natives of the Belgian Congo was issued by the Society.

There are 150 convicts serving life terms in prisons of Canada.

## Druggist Gave Her Very Good Advice

Miss Ruth Horowitz, Bronx, N. Y., writes: "Having been troubled with indigestion caused by constipation for several months, my druggist advised a purely vegetable laxative pill. I can safely say that since I am taking them, and only one each night, I feel like myself again and can eat most anything without fear of an attack." CARTER'S LITTLE LIVER PILLS. All druggists—25c and 75c red pkgs.

## HERCULES PERMANENT BUILDING PAPER

Buyers Seek the  
Warm and Dry Homes

Forethought in building a home makes a good selling proposition. Buyers find a warm, dry house the most desirable. Any house is impervious to wind and dampness when protected by Hercules Permanent Building Paper.

In three grades—x, xx, xxx—Hercules has been tested and proven wind proof and damp proof.

Prove it for yourself. Samples sent gladly.

Appleford Paper Products

HAMILTON, CANADA

## HARVEST HELP FROM BRITAIN IS SUGGESTION MADE

London.—"The Canadian harvest will soon be due. Why not an arrangement between the Dominion and Home Governments and all the parties most likely to help for 10,000 Britishers to be provided with work during the coming harvest in Canada?"

William Lunn, M.P., of Rothwell, makes this suggestion in the Yorkshire Evening Post. He is an ex-chairman of the Overseas Settlement Committee, and still a member of that body.

"In July last year," he proceeds to say, an arrangement was almost arrived at for 10,000 to go to Canada, of whom 5,000 would be miners. The conditions were to give cheap passages, guarantee employment at not less than 4 to 5 dollars a day, and to assist in bringing those back who could not find permanent employment.

"One lady promised to pay the expenses for 150 South Wales miners, and others were prepared to help with smaller numbers. Just when everything was in order for the project being carried out, it unfortunately fell through.

"No doubt three out of four would settle permanently in Canada. Those who seriously desired to return should be helped in cost of passage home," he said.

These 7,000 or 8,000 who make their homes in Canada would become nominees. Then they would be likely to nominate their wives, sweethearts, sisters, brothers, and in many cases, their fathers and mothers.

That is the most satisfactory way of populating the Dominions. Here is the pebble which, if thrown into the pond, will begin the circle which is likely to enlarge and enlarge to enormous dimensions.

Cannot something be done, and done soon? asks Mr. Lunn, in conclusion.

## Westerners Win Scholarships

Alberta and Saskatchewan Students Will Pursue Technical Studies

Quebec.—Chosen as the most outstanding and valuable member of the Canadian Society of Technical Agriculturists, Prof. H. M. Nagant, professor of geology and chemistry at the Oka Agricultural College, of the University of Montreal, was unanimously awarded the fellowship prize at the closing session of the agriculturists here.

The \$600 scholarship prizes, gift of the T. Eaton Company, were awarded to R. H. Bedford, of Alberta, to study soil bacteriology at McGill University, Montreal, and R. C. Russell, of Saskatchewan, to study plant pathology at Toronto University.

It was officially decided that the convention of the agriculturists next year will be held at Winnipeg.

## Alberta Pool Making Interest Payments

Farmers Are Receiving Amount Due On Elevator Deduction

Calgary.—The Alberta Wheat Pool is issuing cheques covering the payment of six per cent. interest due on the elevator deductions from the crops of 1924 and 1925, it was stated at the offices of the pool.

The total payment amounts to \$87,101.03. In instances where the interest does not total the sum of one dollar, no payment is being made.

The six per cent. interest is paid on a total of \$1,345,384 which was the total deduction for elevator purposes from the 1924 and 1925 crops.

### Danish Aviators Killed

Copenhagen.—Three Danish aviators were killed after leaping from a naval seaplane which exploded while they were flying over Copenhagen. The aviators, a pilot and two cadets leaped from the plane but their parachutes failed to unfold and they fell on the roofs of houses, being killed outright. Their machine crashed in a densely populated area and injured a boy.

## Appeal Was Rejected

Privy Council Gives Decision On Alberta Coal Case

London.—The decision of the Privy Council judicial committee rejecting Alberta's appeal in the coal mining tax case has the effect of depriving that province of large revenues which it had hoped to collect on the production from coal mines. The Privy Council upholds the decision of the Supreme Court of Canada that Alberta mine owners tax act of 1923 which placed a tax on every ton of coal mined in Alberta is ultra vires of the province.

The province's test case was launched against the Caledonian Collieries, Limited. The judgment of the Privy Council states that it is undisputed that though the tax was called a tax on gross revenue, such gross revenue is really an aggregate of the sums received from the sales of coal and is indistinguishable from a tax on every sum received from the sale of coal.

The judicial committee agreed with the judges of the Supreme Court that the tax was not a direct tax. Some attempt had been made in the argument to support the tax on the ground that it was analogous to income tax, but it was pointed out that there were marked distinctions between a tax on gross revenue and a tax on income which for taxation purposes means gains and profits. There may be considerable gross revenue but no income taxable as income tax in the accepted sense.

The appeal was therefore dismissed.

## U.S. Farmers Complain

Say Canadian Competition Is Dangerous Factor In Agrarian Development

Seattle.—Canadian competition in grain growing has become a "dangerous factor" in the agrarian development of Washington, J. Carl Laney, state secretary of the farm bureau, testified at the Interstate Commerce Commission farm hearing. Agrarian representatives appeared before the commission recently, urging the necessity of lower export grain rates.

Supported by voluminous exhibits, Laney gave a comprehensive comparison of farming conditions between the grain districts of Western Canada and Eastern Washington. He asserted that aid given farmers by Canadian railways and the government was attracting growers from Washington to Canada.

With cheap land, low taxes, low grain rates and fertilizer, Alberta ranchers can not only raise grain at a cost of several dollars an acre lower than those of Washington, Laney said, but they can reach both their eastern and western markets at a much less cost.

Laney said the average cost to the Canadian farmer including everything until the grain was placed at elevators was \$14.70 an acre, whereas on the American side of the border line it was \$20.58.

He added that with such a wide spread in their favor the Canadian grain growers were rapidly driving Eastern Washington wheat from the export market.

## Searching For Bodies Of Kamloops Victims

Eight Of Twenty-Two Have Already Been Recovered

Port Arth, Ont.—A tug and launch have left here for Isle Royale to conduct a further search for bodies from the steamer Kamloops, which was lost off the Island last December.

The expedition has been organized by Captain H. J. Bryan, of Kingston, brother of Captain Bryan, of the Kamloops, and is financed by him and relatives of other missing ones among the crew of the Kamloops. It is proposed to patrol inland as well as along the shore line. Eight bodies of the 22 on the boat have already been recovered.

### Successful Candidate

Toronto.—Miss E. Silver Dowding, lecturer in botany at the University of Alberta, is the successful candidate for the annual scholarship awarded by the Canadian Federation of the University Women's Clubs.

## PRESIDENT OF THE I.O.D.E.

Mrs. John A. Stewart, of Perth, Ont., was elected national president of the Imperial Order Daughters of the Empire at the annual meeting in Toronto. She succeeds Miss R. M. Church, of Toronto, and sister of T. L. Church, M.P., who is retiring from that office after three years of work in the order.

## Report Shows Big Increase

B.C. Department Of Agriculture Announces Gain In Production

Victoria, B.C.—Agricultural production in British Columbia in 1927 is valued at \$76,999,299, the highest sum on record, and an increase of \$5,637,000 over 1926, the Department of Agriculture announces.

Substantial gains were made in livestock, poultry products, dairy products, fodders, honey, hops and wool, while decreases were noted in fruits, vegetables and grains.

Imports of agricultural products from other provinces in Canada were valued at \$16,648,703, against \$17,437,350 in 1926, while imports from foreign points increased from \$3,622,011 to \$5,593,084. Exports of agricultural products for the year amounted to \$10,025,735, an increase over the previous year of \$1,617,025, or 19.23 per cent.

### Will Form Pool

New Westminster, B.C.—Fraser Valley poultry men and women at a meeting here decided to form an egg and poultry pool in British Columbia. A committee was appointed to nominate a committee representing all poultry sections of the province which will draw up a constitution.

### India Ready To Renounce War

Washington.—The Government of India has accepted the invitation of Secretary Kellogg, to participate as an original signatory in the proposed multi-lateral treaty for the renunciation of war.

## Ice Delays Seaplanes

Machines Ready For Survey Of Conditions At Fort Churchill

Ottawa.—Ice on the small lakes in the vicinity of Fort Churchill is holding up the dispatch of the two Canadian Air Force seaplanes which are in readiness to fly to the Hudson's Bay port for the purpose of surveying the break up conditions there.

It was stated at the Department of National Defence that the two planes are at present at Comorant Lake, North of The Pas, and are awaiting favorable conditions before proceeding to their destination. The duty of their pilots will be similar to that which has occupied the Hudson's Straits air patrol last year, to observe the movement of ice out of the Churchill River and through the inlet on the shore of which Canada's Northern port will be constructed. This year a wireless station will be built at Fort Churchill, the workmen, equipment and machinery for which will be taken there some time next month.

## Cattle Shipped To England

Over Three Hundred Head Sent From Calgary Recently

Montreal.—The first shipment of cattle on the hoof to leave Canada for over a year arrived in Montreal at the East End stockyards over the lines of the Canadian Pacific Railway, on its way to England. Over 300 head of cattle were in the train of 17 cars, averaging 18 animals to a car, with a stockman aboard for the care of every 25 cattle that made the trip direct from Calgary to Montreal.

The shipment is being accompanied by Francis Burns, of Calgary, and Arthur Hilliard, veterinary surgeon, who supervises the health of the stock from Calgary to Birkenhead, together with a staff of stockmen under Archie McGinness, foreman.

### Beatty On Trip To England

Quebec.—E. W. Beatty, K.C., president of the Canadian Pacific Railway, and Sir Herbert Holt, president of the Royal Bank of Canada, have sailed for England. While on the other side Mr. Beatty will let a contract for a new steamship of the Empire class, to be used on the Pacific Coast routes. It is tentatively arranged that Mr. Beatty will visit Stanley Baldwin, British premier.

### "Flapper Vote" Bill Passed

London.—After an unsuccessful attempt had been made to raise the qualifying age, the House of Lords in committee last evening passed the franchise bill, which gives the vote to women 21 years of age and over. The House of Commons had already approved the measure.

## HE DID IT IN ONE

Robin Bell-Irving, of Powell River, B.C., the first amateur to make a hole in one on the Jasper Park Lodge Golf Course. He accomplished it at the fifteenth, which has a name that speaks for itself—the Bad Baby. Incidentally, he is the first player, amateur or professional, to do the Bad Baby in one.—Canadian National Railways Photograph.

## SIR A. CURRIE NEW PRESIDENT CANADIAN LEGION

St. John, N.B.—General Sir Arthur Currie was elected president of the Canadian Legion of the British Empire Service League at the second annual Dominion convention here.

Following the announcement of his unanimous choice a telegram of congratulation was dispatched to the former leader of the Canadian troops in France, coupled with the wish for a speedy recovery to health.

Lieut.-Gen. Sir Percy Lake was named immediate past president.

The importance of not bringing boys and girls of tender age, unaccompanied by parents or guardians into Canada was stressed in debate as was also the necessity of setting before foreign immigrants Canadian ideals before they could be corrupted by communistic teachings.

A. E. Moore, Manitoba, was re-elected national chairman and presided during the deliberations, when many resolutions were brought in by delegates of the various provinces. Some of the most important of these—to the Dominion as a whole—were submitted by the committee on immigration and colonization, headed by P. Shelton, of Regina.

The recommendation of this committee included a complete Dominion survey of the immigration and settlement problem, the barring of Orientals from Canada's shores and the banning of Communist literature and publications in this country.

The report of the immigration and land settlement committee, which was adopted, recommends that every effort be made by the government to have at least 50 per cent. of all immigration from Britain; that persons who are not prepared to accept Canadian citizenship in peace and war be not encouraged to come to Canada; that every effort be made to prevent the location of non-English speaking peoples in large blocks, and that "free passages to British boys and girls, when accompanied by parents or guardians, should be confined to those who have attained the age of 17 years and over."

The sections of the report recommending that provincial commands urge the branches to organize committees to survey the farm employment possibilities and settlement in their districts, and for a closer co-operation between the British and Canadian legions for a better selection of men suitable for settlement in Canada were adopted as presented.

## Forke Will Tour West

Minister Of Immigration To Visit Western Canada Shortly

Ottawa.—Hon. Robert Forke, Minister of Immigration, will visit Western Canada this summer on immigration matters.

Mr. Forke's trip will carry him through to the Pacific Coast. The itinerary of Mr. Forke has not yet been arranged, but the likelihood is that he will leave Ottawa within the next three or four weeks, visiting all the important Western cities. A definite announcement of his program will be available shortly.

Mr. Forke probably will seek provincial co-operation in immigration work as recommended in the report of the parliamentary immigration inquiry presented during the recent session of parliament.

## Conference a Success

First Annual "Farm Women's Week" Held At Saskatoon

Saskatoon.—Close to 150 delegates attended the first annual "Farm Women's Week," at the University of Saskatchewan. The conference, arranged by the United Farmers of Canada, Saskatchewan section, in co-operation with the University of Saskatchewan, was a most successful venture, and is the first of its kind held in the province and, so far as is known, in Canada. As much of the business of the program concerned only the United Farmers' Organization, some of the sessions were closed to the press and public.

A statue of William Shakespeare, cut in glass and over 24 feet high, has been made for a London Park.

E.J.C. GOODER, Editor &amp; Manager.

**AS A MAN THINKETH**

What is true of nations is true of individuals. A few years ago Canada was thinking of itself in term of blue ruin and poverty. Result: poverty. Today it is thinking of itself as prosperous. Result: prosperity. The poverty was not real; neither, perhaps, is the prosperity. But the sense of poverty was there and now the feeling of prosperity is here. Can anybody doubt that it is best and wisest for a people to feel prosperous rather than poverty-stricken?

What is said here is not said to point a political argument. No political party has any monopoly of prosperity. It is the personal application that is intended. There can be no doubt that the surest way to prosperity for a man is to see himself prosperous. By so doing he attracts things to himself; friends, business, success, and all the stuff of life worth having. It is not really the possession of money that makes us prosperous. Money is but a symbol, after all. It is the thought of prosperity. "As a man thinketh in his heart so is he." Even the good Lord can not make a man prosperous who is always thinking poverty.

If you want to be prosperous, think prosperity; talk prosperity; act prosperity. Live like the king you are. Be generous; don't be afraid to give. Spend freely; money in circulation helps everybody. Money hoarded helps nobody. John Smith owed his grocer ten dollars and paid it. The grocer owed his tailor ten dollars and paid him with John Smith's ten dollars. The tailor owed ten dollars to the butcher, who owed John Smith ten dollars. So when the tailor paid the butcher, the butcher paid John Smith, and everybody was paid and prosperous. Get the idea of prosperity in your mind and you will soon have the reality of prosperity on you affairs.

**DEATH TO THE FLY**

If there is no breeding place for flies there will be no flies. The almost total disappearance of stables from cities has removed a prolific source of fly propagation. But not all the spots which assist the fly in preserving his species were in the vicinity of stables. Where there is filth there will be flies and where flies go there will come some of the filth accompanying them.

Time was when flies were endured as an inevitable annoyance without an appreciation of the menace to health their presence is. They swarmed because no effort was made to eradicate them. That era is past but there are those still who tolerate conditions which in effect are not inimical to the interests of the fly. Not every house occupant can prevent flies from seeking entrance, but everyone can keep them on the outside. It is within the province of all to refuse to purchase food products which are accessible to flies.

Were everyone to eliminate breeding places on his own premises and to screen and swat, the fly soon would become as completely extinct as the monsters of which we know only through their fossil remains. The fly is small but he makes up in industry and persistence what he lacks in size. We become alarmed when an epidemic threatens, yet too many of us tolerate

**LOCAL & GENERAL**

Mrs. A. McNaughton was a Calgary visitor on Tuesday.

Mr. C. Mortimer motored to the southern city on Tuesday.

Mr. McIntyre spent the week-end in Calgary with his parents.

Charlie Cook was a Calgary visitor over the week-end.

Don't forget the Rugby W. I. Community Picnic on June 30.

Mr. M. Shannon of Canmore is now relieving at the local depot.

Mr. C. A. Weir of Olds was a business visitor in town on Tuesday.

Frank Jeannot of Olds was a visitor in town on Monday.

Mr. Geo. Low of the Royal Bank returned on Monday from a two weeks vacation.

Mr. J. A. McGhee left last Friday for Chilliwack, B.C. and other western points.

Miss M. Johnston left for Calgary and Cereal last week for her annual recess from bank duties.

A number of our local golfers are planning to journey to Trochu on Sunday, if the weather permits.

McCloy and Johnson have moved their barber shop and pool room to Railway Avenue in the old Heb Grocery Store.

Sundry is celebrating its annual stampede next week. Large posters are a broadcast throughout the country announcing what a big time will be had.

Mr. W. P. Cotton, former editor of the Pioneer, left yesterday to join his wife and family at their home in Vancouver. Pioneer readers join with his successor in wishing him success and health in his future undertakings.

The W.C.T.U. will have a daisy chain tea at the home of Mrs. Reiber on Friday, June 22 at 3 o'clock. There will be a reception of new members, also a report of the convention. All members are requested to be present.

The annual session of the Grand Lodge of Alberta, A. F. &amp; A. M., held at the Palliser hotel, Calgary, was attended by Wor. Bro. McDougall, W. M. of King Hiram Lodge, Didsbury, R. Wor. Bro. J. McGhee, D. D. S. M., and several other officers and past masters.

The concert held at Westcott under the auspices of the Westcott W.I. on behalf of the Red Cross Society, was a decided success in spite of the bad weather. We hope the two Didsbury gentlemen who braved the elements were none the worse for their ordeal. The proceeds, seventeen dollars, have been forwarded to the above society.

**CLOVERMOUNT NEWS**

Clovermount mud is slippery. Just ask Joe White.

Ruby Klinek is busy keeping the kids up to the toe-line.

Tommy's Ford shor' can travel through the Springside mud.

Tommy Allen claims to have the 1930 model Ford. What will it be like in 1940?

Wilfred Klein has some strong attraction east of town—just north of the bench.

Everybody is aching to shake their foot in a barn dance. What do you think about it Henry?

Mr. and Mrs. Walter Simons are up from Oregon for awhile. We wish them a good time.

Tommy says its more fun going to a chivaree than there is when you get there.

Ernest is lonesome this weather. Why? Because he has nobody to argue with.

John Allen, Otto Folkman and Gus Dageford have headed south. We wonder if the border will stop them?  
RAT EYE.

the fly when we know his capacity as a disease carrier. Because he is so novelty we minimize the peril which he may transmit.

**Wash Away That Itch!****One Minute Does It!**

Are you tormented with the agony of a burning, itching skin which seems to defy relief? Do you suffer from eczema, pimples, ulcers, and other forms of skin troubles? At no risk to you, we invite you to try this one minute test: Come to our store and get a bottle of D.D.D. on trial. Gently wash the itching portion of your skin with D.D.D. prescription, the antiseptic healing lotion. Then watch for results. If you do not experience that calm, cool sensation, if that itch is not stopped in one minute, just bring the bottle back and your money will be refunded at once.

## ROSEBUD ITEMS

Miss Amy Wilson is on the sick  
list with a vaccinated arm.

Mr. and Mrs. James Eubank  
made a business trip to Edmonton.

We see a pretty little girl wear  
three pearls. Wonder where she  
got them Walter?

Mr. Arden Deadrick has improved  
his farm by putting a new lane  
in south of the house.

Mr. Joe Fulkerth has completed  
his half-mile race track at his home.  
Just watch his speed this summer.

A dance will be held at the Rose-  
bud School on Friday, June 22nd.  
McDonald's Orchestra. Advert.

Miss Elsie Imm had a serious  
operation on a goiter last week in  
the Olds Hospital but we are glad  
to report that she is getting along  
as well as can be expected.

There seems to be a McCormick-  
Deering and an Eagle tractor stuck  
somewhere in the district. We  
wonder where the drivers were the  
night before.

## BERGEN—NICHE VALLEY

Niche creek was the highest June  
8 that it has been for many years.

Mr. O. W. Stauffer and Lester were  
visitors at Niche Valley June 4. They  
missed the storm by a small margin.

Wayne Gochee and Wallace Geiger  
are having a vacation at Stevens'  
mill, and then over the hill. "Ask  
them."

The Big Red Deer has been riled  
ever since Orville Geiger and Russell  
Berscht washed their feet in it on  
May 24. We have not caught any  
fish since.

Mr. J. J. Davidson Sr. has moved  
from Calgary on to his homestead  
the N.W. 24-31-6-5. Eldswold is on  
the boom, it seems. The more the  
merrier.

A letter from Mrs. Dave Allen who  
moved from the N.E. of 13-31-6-5 to  
Poynette, Wis., states that they had  
a late spring but crops look good.  
Dave is working at a summer resort  
and has his crop all in.

The heaviest snow and rain we have  
had for years came on June 6 and  
7. The snow was so heavy it broke  
down trees and snapped off limbs of  
trees until the trail looked like the  
path of a Kansas cyclone. Bob Ste-  
vens' trucks had a 40-foot tree leaned  
against the cab to prevent its run-  
ning away. We cleared about 25 trees  
to the mile that were across the trail.  
We need a few pontoon bridges.

Ben Lutkehaus is recovering from  
the effects of a runaway he had some  
time ago. A bolt came out of the  
double-tree and the single-tree hit  
the heels of a white mare, who gave a  
lunge and away she ran letting the  
tongue of the disc fall to the ground.  
Ben was standing on the brace rods  
and as soon as the tongue came down  
the disc swerved and threw him off  
and bruised his legs and body.

## Book On Place Names Of Alberta Interesting

The Editor of The Pioneer has at  
hand a booklet issued by the Geo-  
graphic Board of the Federal Gov-  
ernment entitled "Place-Names of Al-  
berta", and in perusing we discovered  
the following interesting bits of his-  
tory regarding how Alberta, Dids-  
bury, and the surrounding post offices  
got their names.

The name of the province itself re-  
calls the happy auspices under which  
it came into being. The Marquis of  
Lorne was Governor-General of Can-  
ada at the time, and the name was  
given by him as a graceful tribute to  
his wife, H.R.H. Princess Louise  
Caroline Alberta, fourth daughter of  
Queen Victoria.

Didsbury after Didsbury, Manches-  
ter, England.

Bergen, after a town in Norway.  
Elkton from its proximity to the  
Red Deer river.

Westerdale was christened after a  
Westerdale parish in Yorkshire, Eng-  
land.

Sunnyslope. The post office, when  
opened, was on the western slope of a  
hill towards Kneehill creek.

## Church Announcements

### United Church

Rev. A. E. Hayes, B.A., Minister.

Sunday, June 24th

Community Hall 11.00 a.m., Lone Pine  
Sunday School 2 p.m., Church 3 p.m.  
Didsbury 7.30 p.m.

The minister would like to have a good  
attendance at the country appointments.

Thursday, June 21st at Knox Church,  
Didsbury, commencing at 8:15 Prepara-  
tory Service and reception of new mem-  
bers will be held. Communion will be ob-  
served Sunday evening, June 24th.

### Lutheran Church

Westcott 10.30 a.m., German. Dids-  
bury 2.30 p.m. German. Westcott 8.00  
p.m., English.

Little Lillie Katherine Bogner, infant  
daughter of Mr. and Mrs. John Bogner,  
passed away at the General Hospital on  
Sunday morning, June 10th. Funeral  
services were conducted at St. John's  
Lutheran Church, commitment taking  
place at the Didsbury cemetery. May  
the Word of God stay the parents in their  
hour of trial.

### Baptist Church Notes

The Church where you are made to  
feel welcome. J. C. Gilmour, pastor.  
Zella School; Preaching Service at 11  
a.m.; Sunday School 12 a.m.

Elkton School, Sunday School and  
Preaching Service at 3 p.m.,  
Westcott Church: Preaching Service at  
8 p.m. Every second Sunday at West-  
cott is Young People's night. All are  
cordially invited to attend any service at  
either Zella, Elkton or Westcott. Come  
and bring a friend.

Subject for Sunday, June 24  
"VALUES"  
The date of the Westcott B. Y. P. U.  
Concert in the Westcott Schoolhouse has  
been changed from July 12 to July 5th.  
Silver collection will be taken.

### Evangelical Notes

Morning Worship, every Sun. 10:30 a.m.  
Sunday School " " 11:30 a.m.  
Evening Worship, " " 7:30 p.m.

Sr. League of Christian Endeavor, every  
Sunday 8:30 p.m. Jr. League and Mis-  
sion Band, Wednesday 7:15 p.m. Prayer  
and Praise Service, Wednesday 8:00 p.m.

Special Note: The monthly Union  
meeting of Christian Endeavor will be  
held Sunday at 7:30 p.m. The Westcott  
and Sunnyslope representatives have  
charge of the programs. All members  
from the entire field are invited to at-  
tend. Visitors attending this special  
service will receive a hearty welcome.

Rev. H. E. Roppel, pastor, will preach  
at 10:30 a.m. Sunday.

## The Power of the Pool Lies In Volume Control

The Canadian Wheat Pool Now Handles ONE FOURTH  
of the World's Exportable Wheat Surplus.

The Wheat Pool has given ample evidence of its use-  
fulness to wheat growers since last harvest. Faced with  
the handling of a damaged crop and with a large in-  
crease in world production, the Pool has been successful  
to a considerable degree in preventing disastrous slumps.  
Every wheat farmer in Western Canada owes a debt of  
gratitude to the Wheat Pool.

The power of the Pool lies in its control of volume.  
Every bushel placed in the Pool means greater strength.  
The organization needs YOUR assistance.

The ideal of co-operation is working together for the  
common good. It is opposed to any system that makes  
a profit on the result of the labors of the producer. Its  
operations mean more wealth for all the producers.

Co-operation is not only a sentiment but an economic  
necessity. Let the hearts and minds of our farmers be-  
come enthused with its ideals and there is hope for the  
economic future of agriculture.

You who have not signed the Second Series Wheat  
Pool Contract gain nothing by delay. You only en-  
danger the welfare of an organization that has proven the  
best friend the farmer has ever had.

Miss Eleanor Lodge, a sister of Sir Oliver Lodge, noted scientist, is the first woman to receive the degree of doctor of literature from the Oxford University. She is 59 years of age and a well known historian.

An air mail service between Montreal and Albany, N.Y., will probably be established in the near future, according to an announcement made in the House of Commons by Hon. P. J. Veniot, Postmaster-General. He thought that the contract would be let within a short time.

Captain Darbos, who flew the first French airplane on the war front which was equipped with a machine gun and to whose experiments the adoption of machine guns in war aviation was in a large measure due, was killed in a crash near Oran in Africa.

Corns are caused by the pressure of tight boots, but no one need be troubled with them long when so simple a remedy as Holloway's Corn Remover is available.

Each automobile worker produces more than three times as much now as he did before the war.

For Rheumatism use Minard's Liniment.

A promise is but a small outlay from which large returns are expected.

**GOOD ADVICE  
FROM MOTHER  
OF SEVEN**

Recommends Lydia E.  
Pinkham's Vegetable  
Compound

Toronto, Ont.—"I began taking Vegetable Compound for nerves and other troubles and I must say I felt different after the first dose. I have been told this last six months that I look twenty-five, although I am now forty-seven and have had seven children. I have taken the Vegetable Compound regularly for some time and sleep well, rise early and feel young."—Mrs. McKee, 18 Laurier Ave., Toronto, Ontario.

W. N. U. 1738

**STUDEBAKER PLANT AT WALKERVILLE, ONT.**

The Walkerville Plant of the Studebaker Corporation of Canada, Ltd., where the Studebaker and Erskine Cars are manufactured, is now a purely Canadian concern, employing Canadian labor, and using Canadian material. Studebaker and Erskine cars are becoming increasingly popular throughout the Dominion.

**Studebaker To Build Canadian  
Automobiles For Canadians**

Friendly Divorcement Of Canadian Organization From Studebaker Corporation Of America

With the announcement of a far-reaching reorganization of both administrative and manufacturing policies, the Studebaker Corporation of Canada, Ltd., has assumed a front rank position among the Dominion's largest independent manufacturers. The announcement, which indicates a friendly divorce of the Canadian Studebaker Organization from the Studebaker Corporation of America, was issued by A. R. Erskine, president of both industries.

The new Studebaker organization will be directed by D. R. Grossman, formerly sales manager for Studebaker in the Dominion. Mr. Grossman's title will be vice-president and general manager. Having been associated with Studebaker in Canada for the past six years, Mr. Grossman is well known to the Dominion's automotive leaders.

"The motive behind the reorganization is to be found in our desire to build Canadian Automobiles for Canadians," says the statement. "The Studebaker Corporation of Canada, Ltd., is Canadian. We will use more and more of Canada's great supplies of raw materials. Not only will our consumption of these commodities be increased, but new commodities will be added to our purchasing agent's order lists."

"We want to build automobiles for Canada and we want Canadians to approve of them. It is felt that the time has come to go ahead and no time will be lost in increasing the number of cars actually built in Canada. We hope to secure greater efficiency than has been possible in the past, which will result in greater automobile values for Canadian purchasers."

"Continuing the precedent already established, the personnel of the Canadian organization will be almost exclusively Canadian. In addition,

**New Studebaker Organization**

D. R. Grossman, vice-president and general manager.

present plans contemplate that advertising and printed matter shall be prepared in Canada, and, in short, a large percentage of every dollar spent in connection with the Canadian business shall be paid to Canadian individuals and Canadian firms.

"The new arrangement will mean a gradual increase in the number of employees at the Walkerville plant. Branches are now maintained at Montreal and Calgary. These will also be greatly increased."

"This move is a result of Studebaker's faith in Canada," said Mr. Grossman recently. "We believe there will be wonderful developments in this country and through this expansion program, we will naturally become a part of those developments."

**A Review By Means Of Allusions**

Not always on the mount may we Rapt in the heavenly vision be;  
The mount for vision—but below  
The paths of daily duty go.

—F. L. Hosmer.

Render to all what is due them, whether you agree with them wholly or not. Give to secular authorities the obedience which their office requires.

—Dean Stanley.  
Sometimes the man has been vouchsafed a vision, but he has lost himself in its contemplation. It is as if he had tarried in the mount and had never returned.—George Wharton Pepper.

Everything in Palestine which can be walled in and roofed over is shut away from the sun and the stars, and generally with a stall for traffic in photographs, picture postal cards, and souvenirs. The money-changers have got back into the temple again.—Gaius Glenn Atkins.

"In memory of the Saviour's love  
We keep the sacred feast,  
Where every humble, contrite heart  
Is made a welcome guest."

We see Thee lifted up as a sign drawing all men unto that hapless hill with the resistless power of Love Divine.—Martha Foote Crow.

"The Missionary Union of America once prepared spices and oils for the embalming of the work in Telugu, but where they prophesied death, there has been abundant life, and the joy of their disappointed belief has filled all Christendom."

There is a sighing in the pallid sprays  
Of these old olives, as if they kept  
Their pitying watch, in Nature's faithful ways,  
As on that night when the disciples slept.—Katherine Lee Bates.

A photographer makes his sensitive plate, exposes it to just the ray of light that he chooses, dips it into the

**Farmers' Marketing Tour**

Canadian National Railways' Tour To Great Britain and Denmark, 1928

(Continued)

It was just a step to Canada House and a reception by the Hon. Peter Larkin, High Commissioner for Canada. We were all impressed by the appearance of Canada's headquarters in Great Britain. Overlooking Trafalgar Square, Canada House occupies one of the most commanding sites in London, and does honor to our Dominion. There was no formality, no speeches, just a friendly handshake and a few words for all in the private room of the high commissioner.

Now came the event of the day, the reception at St. James'. It was not without awe that we entered this simple stately palace of red brick after passing its castellated gateway guarded by sentries wearing the famous bushy. This palace which we Canadian farmers were entering had been the home of Charles the First, and is today the scene of Levees and Privy Councils. We mounted the beautiful stairway to the Entrance Room. A short wait and the Prince was in the Audience Chamber ready to meet us. The door opened. There was His Royal Highness, not seated but standing at the entrance with a smile of welcome. We were introduced by Mr. Groff who performed a feat of memory by remembering all our names.

The Prince had a handshake, a smile and a few words of greeting for every member of the party, but his friends and neighbors from Alberta were specially honored. Mr. William Sharpe, who once played the pipes at a party on the Prince's ranch, was at once recognized by His Royal Highness, who asked Mr. Sharpe if he had brought his kilt. The Prince asked Mr. C. H. Marshall how their mutual friend W. Brown was getting on, and Mr. P. J. Tooley, of the Peace River, was questioned about the probability of railway connection with the Pacific Coast. The interest of the Prince in Canada was spontaneous and real, and we were delighted with his evident regard for our great Dominion.

After the reception we were shown through the Armoury, Queen Anne's Drawing Room, the Tapestry Room, the Throne Room, and the Picture Gallery, with its Royal portraits dominated by the paintings of King Henry the Eighth at one end of the room, and Queen Victoria at the other.

Our next appointment was at Harrod's great stores where we were entertained by Sir Woodman Burbridge, head of this great firm, to lunch, afterwards visiting the Provision Shop and some of the factories of this great establishment. Harrod's is perhaps the finest department store in London and its provision shop is a model for such establishments. Canadian products have a prominent place in it.

Our official day concluded with a visit to the London Headquarters of the Danish Bacon and Co-operative Trading Company through which passes a large part of the Danish bacon supplied to the British market. In a single fortnight as many as 400,000 sides have been received and distributed from this one plant. Besides acting as a distributing centre the company operates thirty smoke-houses. It was interesting to learn that a thick pitch-like substance which encrusts the walls, the result of many years' deposit, imparts to the bacon much of its aroma and flavor. The deposit is caused by the volatile oils which bacon sides exude while curing.

Non-resinous wood is used in the smoking process. Shrinkage during the curing process is approximately 7 per cent.

Every bacon side bears several stamps which permits the Danish Bacon Co. to trace the origin and date of killing of every piece of meat that reaches its establishment and obviates any possibility of bacon being held up over long at the producing point, or shipped too soon to take advantage of satisfactory conditions. The sides are graded by experienced men who, through long association with the British market, know accurately the requirements of each of the customers of the Trading Company.

The British custom of serving 4-o'clock tea in business offices is fast "taking on" in Canada. Many Canadian, as well as British-born, executives now order Red Rose Tea for their office staffs, because it is the same quality as the finest English teas. Sold by all grocers, in bright, clean aluminum.

**NO NEED FOR  
STOUTNESS**

MAIGRIR is the correct method of scientific fat reduction—a guaranteed harmless and effective remedy. Does NOT contain THYROID or any other injurious drugs. Use this marvellous remedy—satisfaction or money refunded. Sent by mail only, postpaid in plain wrappers. Price \$1 per box, or 3 boxes for \$2.50. Write—

**MAIGRIR DISTRIBUTORS, LTD.**  
Dept. W P 2,  
525 Pacific Bldg., Vancouver, B.C.

**INVENTORS**

Fortunes are made from simple inventions wanted by manufacturers to supply the ever increasing demand. "Inventions Wanted," our booklet "Patent Protection" and magazine "The Thinker" sent on Request.  
**HAROLD C. SHIPMAN & CO.**  
INTERNATIONAL PATENT SOLICITORS  
74 Metcalfe St. Ottawa, Canada

The Danish Bacon Co-operative Trading Company is an example of a combined producer-consumer co-operative organization. Half of the capital stock is in the hands of 10,000 retailers, large and small, scattered throughout the British Isles, the other half is owned by 17 Danish Bacon Factories which supply the carcasses. Such an organization, bringing together as it does, a single distributing body, the producers and consumers of a given commodity, lends to the Company great internal strength.

The Company in London undertakes to accept all suitable bacon as it is shipped from the 17 factories in Denmark, and it is its proud boast that it has never refused to handle all supplies shipped to it regardless of the condition of the market.

(To Be Continued.)

**GREAT PRAISE FOR  
BABY'S OWN TABLETS**

The Dr. Williams' Medicine Co. have received the following letter from Mrs. Griffith, of 21 Merchison Ave., East Hamilton, Ont., concerning her experience with Baby's Own Tablets:

Dear Sirs,—I wish to thank you for the handy little booklet you sent me on the Care of Children. My baby boy was six weeks old when I first used Baby's Own Tablets, being new to Canada, but since the first proof of their many uses in bringing up a family, I have never been without them, for they are worth their weight in gold. There is no trouble in getting the little ones to take them and they often prevent an illness if taken in time. My first baby is now, at the age of four and a half years, a picture of health, and my nine-months-old baby is also well and happy. They are both a real good sample of what Baby's Own Tablets can do, for I have never yet needed a doctor for either of them."

The booklet to which Mrs. Griffith refers is entitled "Care Of The Baby," and treats with what a mother ought to know for baby's sake. A copy of the booklet will be sent free to anyone requesting same from The Dr. Williams' Medicine Co., Brockville, Ont.

Toronto is to have a corn-borer inspector, but what is really needed is an official to get after folks who borrow books and never return them.

Some women wear gloves most of the time and others have diamond rings.

**ITCHY PIMPLES  
AFFECTED FACE**

Also On Neck and Body.  
Healed by Cuticura.

"Eczema broke out in pimples and affected my face, neck and body. It itched and burned so that I was all the time scratching. My face was disfigured, and my clothing used to rub against the breaking out on my body and aggravate it. I could not get any sleep on account of it. The trouble lasted a couple of months. "I began using Cuticura Soap and Ointment and they afforded relief in about a week. I continued using them and in three weeks I was completely healed." (Signed) Miss Rosie Whitman, Beaver Harbor, N. S.

Rely on Cuticura Soap and Ointment to keep your skin clear.

Sample Each Free by Mail. Address Canadian Depot: "Shushan, Ltd., Montreal." Price, Soap 25¢, Ointment 25¢ and 50¢, Talcum 25¢. Cuticura Shaving Stick 25¢.

**Athletes.**

For sprained ligaments, bound muscles, kicks and bruises—use Minard's.

**WRIGLEYS**

The cool, comforting flavor of WRIGLEY'S Spearmint is a lasting pleasure.

It cleanses the mouth after eating—gives a clean taste and sweet breath.

It is refreshing and digestion aiding.

## PAINTED FIRES

Copyright, Canada, 1925

### CHAPTER XXVI—Continued

Mrs. Kalinski looked very smart in her black satin tea-gown and gold embroidery that her Isadore had brought from the store. She took her neighbour into her confidence. "No matter what I could say, mind you! The woman said she paid seventy dollars for it once, and I got it for fifteen. She wanted thirty, but I told her it was the worst thing to sell. Who was wearing tea-gowns now?—they was out of date like leg o' mutton sleeves. And all the time I was thinking of me. I had a red cashmere one with Watteau pleats when our Rachel was comin', and his papa says little Isaac will be served as good, even if it did cost fifteen dollars and could be sold for thirty easy. He's that good a man, and spares no expense in reason."

Mrs. Corbett brought the tea from the kitchen and filled the cups. "You and me are lucky women," she said, "to have two good men like we have. Ain't some of them the easy goin' divils, though? I don't know what to think of Helmi's man, though she sticks up for him and is afraid he's been lost in a storm or drowned in a

river. Poor girl,—it's a shame to see her havin' to work in a Chinks, but what could the poor girl do? Not one of these dainty ladies would have her, they all had some reason."

"If she were just a Hebrew girl, now," said Mrs. Kalinski, "one could go to the Hebrew Association of Women and they would find a place for her. We would not have any nice white girls of ours workin' in a Chinese shop and havin' to take lippy talk from every Harry, Tom, Dicken, and maybe worse. Mrs. Sternborg and Mrs. Swartz are grand on that, and good girls they have found for our people."

Mrs. Corbett paused, with her saucer half way to her mouth. "Look at that now! Ain't the Jews wonderful to think of things? We've got grand societies, too, and I never once took thought of them. Sure we've got societies. They're all up to their eyes in pneumonia jackets and many-tailed bandages now, and socks for the soldiers, but they're grand women, too. When I came here first I used to take care of the Club room at the 'Y' and I used to see them there millin' round, very civil spoken women, too, and tryin' to make the world better, and God knows it needs it: I'll go to Mrs. Bell, the old lady, and I'm glad you spoke of this, Mrs. Kalinski. Maybe we can get a decent place yet for Helmi, though if she takes the baby away I don't know what I'll do with Rose and Dan."

Mrs. Corbett went that evening, after Helmi had gone to work, leaving the baby to the watchful care of Rose, who sat in No. 13 to do her lessons.

Mrs. Bell was at home, and would speak of Helmi's case at the meeting of the Lloyd George Chapter the next day.

A week later a new place was found for Helmi. Mrs. Bell said it was an ideal place, and while ten dollars a month was very little, still it was not every place she could have the privilege of keeping her baby, and Mrs. Herriott would be very kind to her. Mrs. Herriott was young and inexperienced, and found her baby a great care. Helmi could mind the two babies and Mrs. Herriott would do the work.

Old Sam was sorry to part with Helmi, and gave her a feather fan. "You come back some day—old Sam be glad. Good girl—cally tray—teachee make chop suey—come back! You come see my girl too, and have chop suey."

Helmi paid her rent at the "North Star," and had three dollars left.

The Herriott home was a six-room bungalow on 127th Street, three blocks from the car line on 124th Street. It was a little house, low-roofed, square, with but little pitch in the roof, and high pillars in front, much too high for the height of the house, giving one the sensation as Helmi thought of seeing a cow getting up hind legs first. Rosie and Danny conducted her to the place, Rosie carrying the baby and Danny helping Helmi with the heavy valise.

"I hope you don't like her," said Rosie, "and then you'll come back. I'll bet her baby cries more than ours, and just when you get little Lili asleep, her kid will wake up whinin'. Well, anyway, Helmi, you can always come back, and we'll manage some way."

Helmi kissed her two good friends at the back door, but Rosie refused to go until she saw if the lady were at home.

"Maybe she's changed her mind," she said speaking from her experience with ladies—"or has got help—or somethin' has happened. You can't depend on these women in the West End. Ain't that right Dan? They don't pay their debts, either, very good. They always say 'Come back again.' Dan collected for a tailor, and he knows. They don't remember anything less than five dollars, and when they're stuck for another excuse they peep out of one of the windows to see who it is, and won't let you in."

Mrs. Herriott was in and had not engaged anyone else, and so the escort had to go home alone, which they did regretfully.

Helmi found the house in a state of siege. Confusion reigned everywhere. The invader slept in a baby carriage which filled the greater part of the living-room, and when he slept all noises were muffled. The grandmother, who had been conscripted into service, padded about in her bedroom slippers. The telephone bell was stuffed with paper. No one was ad-

mitted to the house, not even the baker.

There was a little room off the kitchen where Helmi and Lili were to sleep. It had just room enough to take in the rubber-wheeled carriage.

"Oh, I will be so glad to have someone to take this old baby off my hands," said Mrs. Herriott frankly; "he spoiled last summer for me, but I don't mean to let him spoil this one. Isn't a baby awful? I hope yours is good. Anyway, I can get out now, and, believe me, I am going."

Mrs. Herriott, having shaken off family cares, resumed her place in her little world. She curled and played bridge, and went to the matinee with her friends and came home only when everything was over. She was a pretty, plump-faced girl of twenty-three who had the misfortune to be the only child of adoring parents. "Maudie is not fond of work," her mother often said; "but never mind, she'll take to it when she has a house of her own." Young Robert Herriott, who had married her with pomp and circumstance at the First Church believed the same thing.

Maudie had been in a terrible rage about the coming of the baby, but her mother fondly believed she would be attached to it when it came. "They make their own place, babies do," she said. "Maudie will be so fond of it she wouldn't take a million dollars for it when she has had it two days." But Maudie's friends agreed among themselves that they would hate to offer it to her.

The baby was now two months old, and the great fountain of mother love which the baby's grandmother had hoped for was still either non-existent or untouched. "She'll take to it when it gets a little older," she would say. "You'll see, when it gets cute Maudie will take to it."

Helmi knew that cats sometimes refuse their young, but she did not know that it could be true of human beings.

In a week the siege seemed to be lifted. Long lines of washing had been fluttering on the clothes reel; closets were tidied; floors polished, the "old" baby put on a regular way of living. Mrs. Herriott had won the Ladies' Points competition at the rink, and her friends had told her she was looking years younger.

One night, when the Herriotts were going for a drive, Mr. Herriott wanted to take Helmi, too, and her baby. "That girl hasn't been out of the house since she came," he said, "Ask her to come, Maudie."

Maudie laid a well manicured fin-

## DIARRHŒA Was So Bad Child Passed Blood

Mrs. Harry Nesbitt, R. R. No. 2, Shannon, N.B., writes:—"Last Fall my little boy took very bad with diarrhœa and before I knew it he was passing blood. I went to our medicine case and gave him a dose of

and a little later gave him another, and half an hour after the second dose he got relief and by the time he had taken six doses he was like a different child."

This wonderful bowel complaint remedy has been on the market for over 80 years; put up only by The T. Milburn Co., Limited, Toronto, Ont.

Exquisitely blended iced fillings, pure and wholesome, sandwiched between two golden crisp biscuit wafers. Just right for dessert any time, anywhere.

ger on a neatly carmined lip. "Hush, Bob," she said, "don't spoil her, leave well enough alone. Come on, we'll take the Bunnings—they have no kids to want to come. Hurry, Bob!"

(To Be Continued.)

## Teeth and Health

Issued By The Canadian Dental Hygiene Council and Published By The Saskatchewan Dental Society

### TOOTH STRAIGHTENING

Your child has "crooked teeth," and wisely, you are thinking of his future, and are not content to let this condition persist.

Irregular teeth are in a sense, a deformity, and often mar one's natural attractiveness, and indeed, in many instances may also lead to general systemic disturbances.

Now, can anything be done by way of correcting this mal-occlusion?

A great deal, especially if treatment is commenced while the child is still young.

Each case, of course, presents its own problems with their special solutions, but in the main, your dentist, or the orthodontist who specializes in this branch of dentistry, will correct this condition by making use of metal bands and bars which your child would need to wear continuously for some little time, the period of wearing being determined by the severity of the case in hand.

But you wonder, perhaps, how a tooth can be moved when fully erupted, encased as it is, in dense and seemingly unyielding bone.

However, it is simply a matter of making use of a natural physiological process whereby bone tissue is resorbed and broken down in advance of a properly applied and persistent force, thus permitting the tooth to move bodily through its supporting bony structure.

Then is tooth straightening a painful process?

Not in the least, where too rapid movement is not attempted.

And when should it be commenced?

Many operators like to take the case in hand while the child still has the temporary set, and generally at about the eighth year, when success is more easily and quickly secured.

Then, of course, where treatment is delayed, the case becomes progressively more difficult of correction because the muscles and tissues are becoming more or less fixed. When early adult life is reached, "tooth straightening" is not advisable except in the very simple cases.

**For Frost Bites and Chilblains.**—Chilblains come from undue exposure to slush and cold and frost-bite from the icy winds of winter. In the treatment of either an excellent preparation is Dr. Thomas' Electric Oil, as it counteracts the inflammation and relieves the pain. The action of the oil is prompt and its application is extremely simple.

### Use Planes Like Taxicabs

The airplane is becoming the long-distance taxicab of Alaska. Department of the Interior figures show that Alaska makes more use of aerial transportation in proportion to population than any other section. The territory has forty flying fields.

### A reliable antiseptic—Minard's.

### Alberta Telephones

An increase of 154 exchange stations and 93 rural stations, or a total of 247 new stations in operation during the month of April, 1928, is reported by the Alberta Department of Telephones.

One of the commonest complaints of infants is worms, and the most effective application for them is Mother Graves' Worm Exterminator.

Travelling at the rate of two miles a minute it would take an aeroplane nearly 35 years to reach Mars.

Minard's Liniment for insect bites.

## Little Helps For This Week

"He that hath a pure heart shall receive the blessing from the Lord."—Psalm xxiv. 4, 5.

O God! the pure alone,  
E'en in their deep confessing,  
Can see Thee as their own;  
And find the perfect blessing;  
Yet to each waiting soul  
Speak in Thy still, small voice,  
Till broken love's made whole,  
And saddened hearts rejoice.

How does Jesus make men pure?

He made Himself one with our human nature that He might heal and bless it through its contact with His divinity. He folded it around His eternal presence. He made it His own. He made it a power which could quicken and restore us; and then by the gift of His Spirit He bound us to it. He robbed us of it; and henceforth Christian humanity became conscious of a Presence before which the unclean spirit cannot but shrink away.

—Cannon Liddon.

The use of Miller's Worm Powders insures healthy children so far as the ailments attributable to worms are concerned. A high mortality among children is traceable to worms. These sap the strength of infants so that they are unable to maintain the battle for life and succumb to weakness. This preparation gives promise of health and keeps it.

Two French engineers have invented an aerial torpedo for transporting letters and packages at a speed of nearly 300 miles an hour.

Human nature's funny. No sooner does a man "get on his feet" financially than he wants to get off them physically.

## Cute in a Baby—Awful at Three—and it's Dangerous—by Ruth Brittain

Thumb sucking does look sweet in a baby, but it is disgusting in the three-year-old and sometimes it hangs on until fifteen or sixteen! The habit may cause an ill-formed mouth or induce adenoids; and it always interferes with digestion. Pinning the sleeve over the hand; attaching mittens, or putting on cardboard cuffs, which prevent bending the arms at the elbows, are some of the ways to stop the habit.

Another bad habit—irregularity in bowel action—is responsible for weak bowels and constipation in babies. Give the tiny bowels an opportunity to act at regular periods each day. If they don't act at first, a little Fletcher's Castoria will soon regulate them. Every mother should keep a bottle of it handy to use in case of colic, cholera, diarrhœa, gas on stomach and bowels, constipation, loss of sleep, or when baby is cross and feverish. Its gentle influence over baby's system enables him to get full nourishment from his food, helps him gain, strengthens his bowels.

Castoria is purely vegetable and harmless—the recipe is on the wrapper. Physicians have prescribed it for over 30 years. With each package, you get a valuable book on Motherhood. Look for Chas. H. Fletcher's signature on the wrapper so you'll get the genuine.

## Strengthened For Extra Long Mileage

### Outdoor Commandments

The Isaac Walton League has drafted a code of "Outdoor Commandments" which applies to all lovers of the outdoor life.

Everything belongs to somebody. Never leave a gate open, permitting cattle and livestock to roam from their pastures.

Don't disfigure or displace natural resources.

Don't trespass on forbidden ground or hunt or fish on posted land.

Don't roam across planted fields. Walk around them.

Build a camp fire, not a roaring inferno.

Drown the fire with water when camp is broken, and do not scatter the embers.

Be courteous. Leave a note of thanks in any wilderness shelter used.

## Because it is Farmer Owned

Because it is farmer owned, farmers expect, and they have a right to expect, the highest possible standard of service and treatment at elevators of this farmers' company.

And many farmers do tell us that they do get such service and treatment at U.G.G. Elevators.

Deliver your grain to

**UNITED GRAIN GROWERS LTD**

ELEVATOR AT DIDSBURY

Leave your provisional order for Binder Twine at the elevator

## Municipal Co-Operative Hail Insurance

Gives protection at actual cost and over a term of years is found to be cheaper than through any other source. The average rate for the last nine years being less than nine per cent.

Out of every dollar premium charged during the last nine years 91 cents was returned to the insured in payment of losses and 9 cents paid all cost of administration and provided a reserve fund amounting to over \$112,303.66.

### Contrary to Rumors

no liabilities have to be made up out of the present year's tax.

Insurance remains in force until the end of September.

For above reasons it merits your support.

For full information see your Municipal Secretary.
